

Introducing our latest knit along, the fresh and fun

# Beach Hut Blanket!

A nostalgic throwback to those glorious summer days by the seaside, when a 99 cost as much and jelly shoes weren't a questionable footwear choice. This lightweight blanket captures the essence of British summer no matter where you holiday. Whether it be by the beach huts in Abersoch or in Cornwall with the waves lapping at your feet, 'A Typical British Summer'

evokes happy memories for all.

Over the next several weeks we will be revealing step-by-step instructions to make this delightful blanket. Find updates on social media and our website. We will be using seven different colours of King Cole Big Value DK 50g available from all good yarn retailers. Amounts are approximate and your results may vary.

*Difficulty:*  
This project is suitable for the adventurous beginner onwards. It assumes that you can cast on and off and work knit and purl stitches. There are both written instructions and charts to help you along the way.

Individual squares  
25cm x 25cm (10" x 10")  
(excluding Beach Huts)

Finished Blanket  
150cm x 150cm (60" x 60")

## Additional equipment needed:

- Locking stitch markers
- Sharp scissors
- Tape measure or ruler
- Sharp darning needle
- Toy stuffing
- Sewing needle and thread

## Tips for success:

Keep all your yarn labelled as when working in artificial light it can be easy to mistake Saxe with Turquoise.

Sew in your ends after each square, taking care to keep the back of the pieces nice and tidy. Use a sharp darning needle and weave in each end well to prevent all your hard work from coming apart over the years.

Mark off the blocks on the block layout diagram as you make them to keep track of where you are.

# Handy Tips

## WORKING FROM CHARTS

When working from a chart you work all the odd numbered rows from right to left, and all the even numbered rows from left to right. It is useful to use a ruler laid across the chart to ensure you are working across the correct row. Tick off each row as you have worked it. Always Check the Tension.

## TENSION

I know you are wondering why is tension important, it is a blanket, it does not have to fit. Well, correct tension will prevent you from running out of yarn (or having lots of leftover yarn). Working to the stated tension will produce a nice fabric with drape but still with enough structure to hold its shape.

For those of you who have

worked with King Cole Big Value DK before, and are confident of your tension, you could cast on a Beach Hut and use this as your swatch.

Alternatively, to make a tension square, cast on 30 sts, and work in stocking stitch (one row knit and one row purl) for 40 rows. Cast off and count how many stitches and rows you have over 10cm (4in). If you have too few stitches, use

a larger needle and knit swatch again. Too many stitches, use a smaller needle. Ordinarily you would block your swatch before measuring, but as some of the blocks require you to measure them as you work, (unblocked) this will help keep the squares a more consistent size.

Keep your swatches to one side, should you need additional yarn then you can use them.

I used this method as I liked the added dimension that it gives to the project.

Cut yarn, and thread through all 5 sts and pull up tight.

### TO MAKE UP:

Carefully sew side seam on Sun. Darn in ends and pin sun to centre of Square, stuffing the middle circle as you pin. Once happy sew Sun and Rays to Square taking care to keep the back of the Block tidy. Tip: you may find it tidier to use yellow sewing thread to sew the pieces on.

### Tension:

DK yarn: 22 sts and 28 rows to 10cm (4in) over st-st using 4mm needles

### Important Notes:

When making the sun, firstly five Rays are knitted and left on a spare needle, once these are complete, you purl across all five Rays to join before working the Sun.

#### Yarn:

1 x Saxe 4040  
1 x White 4020

#### Needles:

Straight 4mm  
(UK8, USA 6)  
Straight 3.25mm  
(UK 10, USA 3)  
Please read notes on tension.

#### Notes:

The Seafoam Square is knitted using a much smaller needle to help give the fabric structure. You should use a needle size  $\frac{3}{4}$  to 1 size smaller than you used to achieve stocking stitch tension.

You may find that the square is slightly larger 26 x 26cm (10.25in x 10.25in). This will be fine as it is a lacy pattern, however, if your square is any larger you will have to reduce the needle size further and reknit.

The square is knit in the following stripe sequence, changing yarn where indicated in the pattern:

- Royal Blue
- Saxe Blue
- White

#### Block measures:

25cm wide x  
25cm tall  
(10in x 10in)

#### Tension:

DK yarn: 22 sts and 28 rows to 10cm (4in) over st st using 4mm needles

#### Special Abbreviations:

Yo once: This is the standard yarn over.

Yo twice: To create a double yarn over, bring the yarn forward, wrap the yarn around the needle as if to knit, bring the yarn forward a second time, you will have two additional 'yarn overs' on your needle.

Yo three times: To create a triple yarn over, work as the double yarn over, working one more yarn over.

Why the different yarn overs? Adding additional yarnovers (or wraps around the needle) increases the length of the dropped stitch on the next row. This is how we achieve the interesting wave texture.

Drop one yo st: On the previous row you have made a series of yarn overs, these yarn overs are NEVER knitted and are dropped off the needles to form 'dropped' elongated stitches. Simply slip the yarn over 's' off the needle and do not work them.

Once happy, stuff the Ice Cream and sew to Block. When working the Fuchsia Ice Cream, embroider on sugar sprinkles using Yellow,

White and Turquoise. When working the White Ice Cream, make two Cherries as shown below and sew to top of Ice Cream.

## WIND BREAK CORNERS AND MAKING UP BLANKET

### WRITTEN INSTRUCTIONS

#### WINDBREAK A:

(make two)

Using 4mm needles and White yarn, cast on 45 sts.

Rows 1-4: Knit.

Change to Turquoise yarn

Row 5: K1, ssk, knit to last 3 sts, k2tog, k1. 43 sts

Row 6: Purl.

Change to White yarn  
Row 7: K1, ssk, knit to last 3 sts, k2tog, k1. 41 sts

Row 45: Ssk, k1, k2tog. 3 sts

Row 46: Purl.

Row 47: Sl1, k2tog, pssso. One st

Cut yarn and pull through to fasten off.

#### WINDBREAK B:

(make two)

Work as Windbreak A switch Turquoise yarn for Fuchsia yarn.

#### MAKING UP BLANKET

You should now have all your completed blocks and they have had their ends woven in and have had a wet block making sure each block is the correct size, (this will help the pieces lay flat and ease sewing up).

If you are not familiar with mattress stitch I would recommend that you spend some time learning this skill as it will give the tidiest finish to your blanket. If you prefer you could use either back stitch or whip stitch to join the blocks.

#### Step One:

Using the image as a guide, sew the outer rows of Beach Huts together. You should have four rows of Beach Huts:

Row 1: Beach Huts A – B – C

Row 2: Beach Huts D – C – E

Row 3: Beach Huts A – B – C

Row 4: Beach Huts D – C – E

#### Step two:

Note: that as the stitch count varies in the centre nine blocks, I suggest that you pin these squares together before sewing them together and ease in any excess fabric. Using the image as a guide, pin the centre nine blocks together,

I did this in three rows of blocks:

Row 1: Sand – Sea – Sun

Row 2: Anchor – Ice Cream Cones – Anchor

Row 3: Sun – Sea – Sand

#### Step three:

Sew centre nine blocks together using image as a guide.

Step four:

Using image as a guide, sew Beach Huts around the centre nine squares.

#### Step Four:

Pin Windbreaks into corners using image as a guide, once happy, sew into position. Darn in all ends securely and gently block.

#### Yarn:

1 x White 4020  
1 x Fuchsia 4034  
1 x Turquoise 4044

*You may find that you have excess yarn from previous weeks. Please check your stocks before shopping.*

**Block measures:** 20cm wide x 17cm deep (8in x 7in)

#### Needles:

Straight 4mm (UK8, USA 6)

#### Tension:

DK yarn: 22 sts and 28 rows to 10cm (4in) over st st using 4mm needles

#### Notes:

Do not cut the yarn at end of each stripe, carry the working yarn up the side. Nobody wants to weave in all those ends!
