## 2025 - 2026

*Bringing you beautiful patterns  
and yarns since 1935*

WE ARE HERE

# Meet the Team

Mike Wilson

“ Originally from Bradford, Mike has lived in the Yorkshire Dales for over 20 years. He was a Director of King Cole before acquiring it in a management buyout back in 2003. Mike is involved in all parts of the business including buying, selling and product development. He especially enjoys visiting our customers both in the UK and the rest of the world. Outside of work, he can often be found walking his dog in the Dales. ”

Reay Clarke

“ Reay joined King Cole in 2021, having previously served as an officer in The Royal Regiment of Scotland. He became Managing Director at the end of 2024 and now spends his time encouraging everyone in the team to deliver the best possible service to our customers. Outside of work, he enjoys cycling, running, skiing and hill walking. His perfect days are those spent exploring the Dales with Sarah, his wonderful wife, and their children Archie (see pattern 6033!) and Lotte (see pattern 6328!). Reay likes his coffees black and his ales pale. ”

Daniel Burke

“ Dan is from Scotland, but has lived in Yorkshire for over 20 years. With a background as a Chartered Accountant, he is in charge of finance. Prior to King Cole, he worked for private investors looking after their investments in start-ups & SMEs. Two young daughters keep him busy - especially when they come into the office! He takes his coffee strong & with milk...but prefers to be enjoying a local ale! ”

Jo Humberstone

“ Jo is originally from Essex, where she had her own fabric, yarn, and haberdashery shop for over 10 years. She has a great insight into our retailers' needs and expectations. As well as managing the sales representatives and house accounts, she is part of the product development team bringing exciting new yarns to the King Cole ranges. She likes a good cup of coffee but would prefer a bottle of red wine. ”

Andrew Lovatt

“ Andrew, from Ilkley in the Wharfedale Valley, was previously a domestic and international lead for a major sports nutrition brand. He works on the export team looking after our international stockists. His passions include health and well-being with yoga, going to the gym, and now knitting! He likes a pale ale or a protein shake, and occasionally a cheeky Babycham! ”

Carl Milner

“ Carl joined King Cole on May 4th, 2021—fittingly, Star Wars Day—as a lifelong fan of the galaxy far, far away since he was 11. He leads the Marketing and Digital team, with a particular focus on the company's Online Ordering system. Outside of work, Carl is most at home atop a mountain in the Dales or Lakes, with his wife, daughters, and grandson Alfie. His perfect morning starts with a strong builder's tea, and on weekends a pale ale at The Boat House in his hometown of Skipton—also home to King Cole. ”

2014

### SKIPTON

In 2014, we relocated to a new and larger third "Merrie Mills" in Skipton. In 2018, a new logo was introduced, and our branding changed to the eye-catching hot pink we are known for today. We continue to develop the most innovative yarns and patterns, and we aim to inspire knitters and crocheters all over the world for another 90 years!

2003

### SILSDEN

Our current owner Mike Wilson acquired King Cole in a management buyout in 2003. A year later, in 2004, we moved to Silsden to a second "Merrie Mills" which became our home for 10 years. In 2012, the Queen's Jubilee Year, we were awarded the Queen's Award in recognition of our growing overseas sales.

1965

### KEIGHLEY

During the 1960s David and Keith Wilson of Thomas Wilson (Keighley) Ltd purchased half of the business and they later changed the company name to King Cole Ltd. The two sides of the company worked very well, Thomas Wilson (Keighley) spinning and the Barnes family marketing the yarns.

1985

### BINGLEY

In 1985, we relocated to Crossflatts near Bingley, naming our new premises "Merrie Mills" and the road "Old Souls Way", inspired by the Old King Cole nursery rhyme. In 1996 we chose to outsource the spinning of our yarns to the best spinners in the world, thereby allowing us to focus on yarn and pattern design, marketing, and distribution. We still work closely with many of the same spinners today.

1935

### BRADFORD

Reginald Cole founded RJ Cole Ltd in Bradford in 1935. Shortly after forming the company he was joined by Roger Barnes, who took over the business. Eventually his son Colin followed him and the business prospered.

# The King Cole Heritage

Some might call my mum a typical knitter. Now, you and I know that there is no such thing as a typical knitter, but you'll recognise the type. She's knitted countless jumpers, hats, gloves and scarves, and cheerily gives them away to her ever-expanding group of grandchildren. She spends hours – days – creating something with love, expecting nothing more than a thank you and perhaps a photo of the recipient beaming in their new cardigan. When she inspired my teenage niece to try crocheting during the pandemic, she fell in love with it.

What makes my mum a typical knitter isn't her age (which I won't dare share here), but her generosity – that willingness to make something by hand and give it away. Since joining King Cole four years ago, I've had the privilege of meeting crafters of all ages and from all over the world, and they nearly always share this warmth, patience and creative spirit.

Roger Barnes - Early Director

When R. J. Cole founded our company in 1935, the world was a very different place — before the Second World War, before colour television, smartphones, or social media. Fashions have come and gone – increasingly so in this age of fast fashion – but the quiet joy of knitting and crocheting has remained beautifully unchanged.

Merrie Mills - 1985

That's not to say it's old-fashioned. Quite the opposite. It's a timeless craft – one that connects people across generations and allows them to create something unique and lasting.

We're incredibly proud to celebrate 90 years in business this year. That longevity only means something because of the people who have chosen our yarns and patterns to bring their creativity to life. The knitters and crocheters – like my mum – are at the heart of it all.

Mike Wilson - Chairman

Everyone at King Cole, including many who have been with us for decades, is driven by the same pursuit: to support and inspire those who make. I've been trusted to look after King Cole for the next generation, and while much will change, one thing won't – our commitment to those who pick up a hook or a pair of needles and make something wonderful.

# Welcome to the 2025-2026 Shade Book

If you're new to our Shade Book here are a few handy tips to help you find what you need:

Baby yarns are located at the front, followed by our everyday Family yarns in the middle, and our fun and Fancy yarns at the back. We've grouped our yarns by weight—so whether you're after DK, Aran, Chunky, or something else, you'll find all your options neatly together in each colour section.

Know exactly what you're looking for? see opposite for a full list of yarns.

LOOSE ENDS

Started with love by them. Finished with care by us.

The Pink Ribbon Foundation is a grant making trust with a mission to fund projects and provide financial support to UK charities which relieve the needs of people who have been affected by breast cancer, or who work to advance the understanding of breast cancer and its early detection and treatment. Since 2015 we make a donation to Pink Ribbon Foundation for every pattern sold.

BBC Children in Need Day, or Pudsey Day, takes place on the third Friday in November. Individuals, schools, sports teams and businesses all do their bit to help Pudsey and BBC Children in Need raise money so that children and young people can be their best. We've been involved since 2006 and have several Pudsey Bear and Blush patterns available and the entire proceeds of each sale of these patterns goes to BBC Children in Need.

Knitted Knockers UK provides hand-knitted and crocheted breast prostheses for women who've had a mastectomy or lumpectomy. Our Cottonsoft DK and Cherished DK are ideal for making knockers, and since 2019, a donation has been made to Knitted Knockers UK for every ball of Cottonsoft DK sold.

We're also proud that Knitted Knockers US has now approved Cottonsoft DK, Giza Cotton 4Ply, and Bamboo Cotton DK, helping us support even more women worldwide.

Loose Ends aims to ease grief, create community, and inspire generosity by matching volunteer handwork finishers with projects people have left undone due to death or disability. Since 2024 a donation is made to The Loose Ends Project for every ball of Cottagespun Chunky sold

BRITISH  
KNITTING  
& CROCHET  
AWARDS

The Craftworld Yarn Industry Awards, launched in 2023 by Practical Publishing, have quickly become a beloved celebration of creativity in our community. Voted for by the passionate readers of Crochet Now, Knit Now, and visitors to craftworld.com, these awards reflect the true voice of yarn lovers everywhere. We're thrilled to share that we were proudly nominated and honoured as runner-up in two fantastic categories: Favourite Yarn Brand and Best Pattern House Design!
